Re: ContractorCheck Accreditation

Dear Jeff Turcotte,

Thank you for completing the ContractorCheck Assessment. We are pleased to inform you that on evaluating the information provided by you on the Questionnaire and additional documents, you have been awarded a ContractorCheck Certificate of Accreditation. This Certificate is valid until **12/12/2019**, providing your ContractorCheck Membership remains current.

The Certificate of Accreditation has been granted pursuant to all information and supporting documentation provided being true, correct and complete. This Accreditation is applicable for work that is performed for the following work activities and provinces/territories:

Work Activity	Province	Status
Audio & Visual Systems Installation/Maintenance	Alberta	Active
Audio & Visual Systems Installation/Maintenance	Manitoba	Active
Audio & Visual Systems Installation/Maintenance	Saskatchewan	Active

General, Principal, Main Contractor	Nunavut	Active
General, Principal, Main Contractor	Ontario	Active

General, Principal, Main Contractor	Prince Edward Island	Active
General, Principal, Main Contractor	Quebec	Active
General, Principal, Main Contractor	Yukon	Active

Continuation of the Accreditation is contingent upon the conditions under which the Certificate was issued being strictly maintained, and any change in key personnel, operating procedures, nature of business, or enforcement action associated with the work activities being notified to this office in writing.

As you know, your Accreditation is valid for one year, and is due for renewal on **12/12/2019**. At that time, we will ask you to review the Questionnaire responses you submitted to us the previous year, and let us know of any changes. We will re-assess you based on any additional information, and make a renewal decision at that time. As in the initial Assessment, the re-assessment will consist of submitting sample documentation, such as meeting minutes, inspection forms, and updated policies and training records, that have been produced over the Accreditation period to verify that your company has continued its due diligence and adherence to your health and safety program and OHS laws and regulations.

For the Accreditation renewal to take place, your ContractorCheck Membership must be current. Annual membership fees are due on **29/05/2019** to maintain your active Membership status, and to keep your Certificate of Accreditation in good standing, ensuring that you are visible to all clients on our Client Portal.

We will be contacting you 60 days prior to the expiration of your Accreditation to begin the renewal process.

Now that you are Accredited:

- Your name will be added to our accredited list of contractors on the ContractorCheck Client Portal. This list is viewable by all our Clients, and is protected by a security password.
- Log into the Contractor Portal to monitor your accreditation status to your clients under the “My Clients and Approvals” section.
- Remain subject to the Program Specification, Terms and Conditions for Contractors.
- The ContractorCheck Accreditation web logo is available upon request.
- If at any time you don’t have a current approved certificate of insurance(s) and/or a current Worker’s Compensation Clearance Letter for your client(s), this accreditation will show suspended to those client(s). You can check this by logging into the Contractor Portal.

Thank you again for completing the Assessment. We hope we have given you enough information about the program and the benefits of being an Accredited Member here, but if you have any questions or would like any additional information, please feel free to call us. Our Membership Services Team can be reached at **1.855.640.6949**.

Best regards,

Marc Laberge
